Need to Read Book Club
P.O. Box 18144
Spartanburg, S.C. 29318

To whom it may concern:

The Ellen Hines Smith Girls' Home is proud to brag on the Need to Read Book Club. The Need to Read Book Club proactively donated books for the residents that we serve and helped us to start a library for future residents. The residents in our care are currently unable to return to their homes, most often due to abuse and neglect. They are part of the foster care system and often have been moved in and out of dozens of different school systems. Since movement through multiple school systems inhibits learning, the Need to Read Book Club provides an exciting, non-threatening way for our girls to increase their interest in reading. We hope to continue partnering with the Need to Read Book Club. Any resources that you are able to offer them would be greatly appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Chamlee".

Chamlee Loscuito
Executive Director
